Train & Co's Line.

ENOCH TRAIN & CO., Proprietors of the Boston and Liverpool Line of Packets, hereby give notice that they have made extensive arrangements with the Western Rail Road Corporations, in connection with the Rail Roads in the Western States and Steamboats on the Lakes, for the forwarding of *pre-paid passengers* from Boston to the Canadas and Western States; and are now selling at their office in Boston, and at their *authorized agencies, pre paid certificates of passage* as follows:

"	"	Milwaukee, Wis.,	25 00

Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months thirteen dollars less than the above-named prices, to Boston or Albany, and other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the only LIVERPOOL and BOSTON LINE of PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

These Ships, when in the Line, sail from Boston on the 5th of each month, and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

OFFICES:

Enoch Train & Co., Nos. 37 and 38 Lewis Wharf, Boston, Massachusetts.

Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng.

Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.

Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

These magnificent Ships are ALL AMERICAN BUILT and constructed expressly for Packets. They are all new and of the FIRST Class, being built on the most improved principles and of the best materials. They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston,

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(Signed) † JOHN B. FITZPATRICK.
Bishop of Boston.

Arctic Scenes.—Sir John Franklin.

We are confident that Sir John Franklin is not far from here, and we suggest that an expedition be sent to look for him, up around the North Point and towards Port Ulao. Possibly his vessel may have been crushed within some ice floe in White Fish Bay, and the few survivors may be even now struggling with ravenous polar bears in Town 8. The indications are certainly unmistakeable. On Monday morning the thermometer stood at 22 degrees below zero, and during the previous night there was a gale that put a tooth in every degree, a tongue in every wound. "Wind-cold Ham, and Heyd with snowy hair," and all the other polar Devils seemed to be abroad in their fury, howling around the chimneys as if they would gladly have extinguished the last spark around which shivering wretches were wringing their hands and vainly seeking "surcease of sorrow" below, poking zero through every crack and cranny, writing their wrath in characters of ice on the windows, cracking the pitchers, and freezing the soul with unimaginable terrors. Surely if Sir John Franklin is near the North Pole, he is not far from here.

Our winter so far is justifying the prescience of the muskrats, who were noticed last fall to have built their houses unusually large, and who are now doubtless curled up in comparative comfort, deep within their mounds of roots and rushes, while improvident man is vainly rubbing his ears and nose and swearing at the enormous price and extravagant consumption of wood. Why will not people learn to imitate the muskrat? Why will they still look for wisdom where it is not, and overlook it where it is? But such is man, with all his boasted powers! And in fact, we have known him do even worse. Does not Shakespeare say—

"Freeze, freeze, thou bitter sky;
Thou dost not bite so nigh
As benefits forgot"—&c.

If then for his improvidence such physical retribution awaits him, how much more bitterly shall he expiate his moral wrongs? The logic seems to be good, and we have a notion of trying to reform ourself. Would that all preachers were equally successful.

Creak! creak! we hear the heavy laden sleighs in the street, although the sky is clear, and fair-haired Apollo rides in mid-heaven. Not a drop can he start—not an icy band can he loosen. Even so does the light of truth and the fire of religion shine in vain upon some men, as they toil on in sin and misery, driving loads of folly to unprofitable markets.

Even the "iron horse" has to succumb to the all-conquering frost, albeit—

"Nor wind, nor wave, can tire
Those fleshless arms, whose pulses leap
With floods of living fire."

What signifies power applied, when you can get no hold upon the track? Even so is it with a powerful sermon which is not adapted to the character of the hearers—which is got up, as too many of them are, without a practical knowledge of human nature as it is—its weaknesses, its temptations, its actual feelings and experiences If men were what they should be, there would be no need of any preaching—if they are cold, and icy, and slippery, the driving wheel must be sanded, so as to take hold of them, or it will revolve in vain.

But our fingers are numb—we must drop the pen and take to the poker.

A Move in the Right Direction.

We understand that some of our influential and mercantile men are petitioning the city authorities, to have a proper pork and beef inspector appointed; the yearly increase in the quantity of provisions cured in our city for eastern markets, leads us to believe that in a few years this will be one of the great packing cities of the West.

We hope our city authorities will lose no time in appointing a responsible person as Inspector, such as will command general confidence, and furnish sufficient security for the faithful discharge of his duty; the law regulating the inspection of provisions in this city, should of course be copied from that in force in the cities of Cleveland, Cincinnati, New York, &c., and be it well understood is not to be compulsory, but merely to be made use of by those purchasing, subject to city inspection; or any party who may think it to his advantage to have his provisions inspected.

MORE CONVICTS SENT TO THIS COUNTRY BY GERMAN AUTHORITIES.—Three Germans, named Chas. Bernard Bley, Hohndorf and August Meyer, were yesterday arrested by Officer Bell and others of the Mayor's Office, on suspicion of having been engaged in a series of burglaries. On searching their premises, at 17 Mott-st., the officers found a variety of valuable new wearing apparel, consisting of coats, pantaloons, shawls, silk dresses, &c., all of which are supposed to be stolen property.—Some of the articles were found stowed in a pillow-case, marked "E. S., No. 18." The whole can be seen at the Lower Police Court. The prisoners were taken before Justice Osborne, when one of them made a statement, of which the following is a copy:

Charles B. Bley says—I was born in Brunswick, Germany, and am 25 years of age; in the month of September, 1851, Henrich Hondorf, August Meyer, Ernest Brinker and myself were convicted of burglary, committed in the City of Brunswick, and were sentenced to the State Prison for a term of years; after remaining there until September last, we were all pardoned by the Duke of Brunswick, through the influence of a Society known as the "Directors," upon condition that we would immediately leave the country for the United States never to return; accordingly we were all taken from prison by the Police and conveyed to Bremen, and there placed on board the brig Hiram, and kept under the surveillance of the Police until the vessel sailed; our passage was paid by the "Directors," and we each received from them $5; we landed in New York on the 1st of December last.—N. Y. Tribune.

☞ Brigham Young talks to the Indians of Utah in a style which is more forcible than elegant:

"I say to the Indians, as I have often said to the mob, go your length. You say you are going to obliterate the Latter-Day Saints, and wipe them from the earth. Why don't you do it, you poor, miserable curses?"

Pacific Railway.

The report of the Secretary of War contains the best description we have seen of the country to be passed over by the Pacific Railway, and the different possible routes. We think the following extract, although rather long, will well repay perusal:

The western portion of the continent of North America, irrespective of the mountains, is traversed from north to south by a broad, elevated swell or plateau of land, which occupies the greater portion of the whole space between the Mississippi river and the Pacific ocean. The crest of this plateau, or the water-shed of the country, is nearly midway between the Pacific coast and the Mississippi. It may be represented on the map by an undulating line traced between the headwaters of the streams which flow eastward, and those which flow westward. It divides the whole area between the Mississippi and the Pacific into two nearly equal portions, that on the east being somewhat the larger. This crest of the watershed has its greatest elevation in Mexico, and thence declines to its lowest point about the latitude of 32 deg., where it has a height of about 4,500 feet, between the waters of the Rio Grande and those of the San Pedro, a tributary of the Gila. From this parallel it increases in altitude northward, and reaches its maximum near the 38th parallel, where it is about 8,000 feet high. Thence it declines as we passed northward, and in latitude 52 deg., 24 min., it has an elevation of, say 7,000 feet, and in the latitude of about 47 deg., it is reported to be at least 1,000 ft lower. The heights here given are those of the lowest passes over the crest, or water-shed, of the great plateau of the country, and not those of the mountain peaks and ridges which have their base upon it, and rise in some cases to the height of 17,000 feet, into the region of perpetual snow.

The slope of the plateau on the east and south, towards the Mississippi and the Gulf of Mexico, is comparatively gentle, and in Texas is by several steps, of which the highest is that known by the name of Llaro estacado, or Staked plain. It is traversed by the Missouri, the Platte, the Arkansas, and other large rivers, which rise among the mountains near the crest, and flow eastward and southward in channels sunk beneath the general surface level of the plains.

In latitude 42 deg., near the source of the Platte, it has an elevation of about 5,000 feet above tide, and in the same latitude on the Mississippi about 1,000 feet. Towards the sources of the Arkansas, in latitude 36 deg., it has a height of 4,000 feet, and in the same latitude on the Mississippi 275 feet. These elevations give an average declination eastward, to the whole plain, of about 4½ feet per mile, and southward of about 2½ feet.

The crest of the plateau, and nearly the whole of its western portion to the Pacific, is occupied by a great mountain system, the continuation of the Ades of South America. It has a variable breadth, narrowest within our possessions, near the Gila, in latitude 32 degrees, where it has a width of about 500 miles, and attains its greatest expansion in the parallel of 40 degrees, where it occupies a space of about 900 miles. On this mountain base, as has been said before, are situated a series of elevated peaks, ridges, and ranges. Those on the eastern side are nearly continuous for about 900 miles, and known by the name of the Rocky Mountains; those on the western side are perhaps less continuous, though equally elevated above their base, and designated as the Sierra Nevada, Coast Range, Cascade Mountains, &c. The whole space between this extreme ranges is occupied by high peaks, and in various directions by a series of ridges, including elevated valleys, and forming great basins having no outlet to the sea. The most important of these is Salt Lake basin, having an elevation of 4,100 feet.

This mountain region is not, as is frequently supposed, a single chain, but a system extending from a little east of the crest of the water-shed to near the shores of the Pacific, and occupying about one half of all the space between the Mississippi and the Pacific ocean. The position of this belt of mountain region stretching from north to south, gives rise to a peculiarity of climate and soil. Fertility depends principally upon the degree of temperature and amount of moisture, both of which are much affected by increase of elevation, and the latter also depends on the direction of the wind. The upper or return current of the trade-wind, flowing backward towards the north-east, gives a prevalence of westerly winds in the north temperate zone, which tends to spread the moisture from the Pacific over the western portion of our continent.

These winds, however, ascending the western slope of the mountain ridges, are deprived of their moisture by the diminished temperature of the increased elevation, and hence it is that the plains and valleys on the eastern side of the ridges are generally parched and barren, and that the mountain system—the highest chain of which, known as the Rocky Mountains, by presenting, as it were, a screen against the moisture with which the winds from the west come laden, has for its eastern margin a sterile belt, which probably extends along the whole range, with an average width of about 250 miles.

These general views, derived, as they have been, from imperfect data, may yet serve to give some idea of the immense magnitude of the work necessary to construct a rail way from the Atlantic to the Pacific. No work for artificial communication has ever exceeded it in extent and physical difficulty. Its execution, however, is within the means and power of the American people.

The Secretary thinks the present appropriation for surveying the route entirely inadequate. He is in favor of very minute and extensive surveys of the whole country before determining the location. Walker's Pass, too, being considered the only practicable one, and too, being the point to which all routes were pointed, he says has been proved by recent surveys to be wholly impracticable for a railway. The whole report seems to indicate that the northern route, to Puget's Sound, will be found the most practicable.

HARPER FOR JANUARY.—We have received a copy of Harper for January, for sale at Arnold & Wilson's. Also a new novel "John, or, Is a Cousin in the Hand, with two Counts in the Bush!" by Emilee Carlen, author of several of the most popular tales of the day, for sale at Arnold & Wilson's.

The Fire Coroner Again.

We are glad to see that Mr. Concklin has given notice of a bill which he proposes to introduce into the House of Assembly, to provide for the investigation into the origin of fires in the city of New York. The Mirror made this subject a speciality for some weeks; and although, with the exception of the Express and the Journal of Commerce, the subject received but a feeble response from the city press, yet the public generally, as we have reason to believe, are strongly in favor of the measure.

When we state that, within the last three months, more than Five Millions of Property have been consumed by fire in this city, it would seem as if no further argument were necessary to arouse the attention of the Legislature into an investigation of the causes which have led to this fearful destruction of property. From all the information we have been able to gather on this subject, and we have given it a good deal of consideration, we have come deliberately to the conclusion, that at least one half of the fires in our city are the work of incendiarism—and the motives are either to swindle the insurance companies; to create an opportunity for stealing, or to revenge some real or imaginary wrong. The first of the above named motives, we believe, kindles more fires than all other causes combined.—N. Y. Mirror.

HOW THE SCOTCH DO THINGS.—A short time ago it was announced that the widow of James Hogg, the "Ettrick Shepherd" and Scottish Poet, was in indigent circumstances, and had to rely upon the charity of the nation for a support, whereupon a subscription was started in this city by some Scotchmen, and in a short time $158,75 was raised and remitted to her through the banking house of George Millne & Co. of Cincinnati. The following letter, from Mr. Milne, will show what Scotchmen are doing for the widow of their great poet:

CINCINNATI Jan. 9, 1854.

MR. JOHN MCKINLAY, Chicago, Ill.

DEAR SIR:—I duly received your favor of the 30th ult., and to day your favor of the 5th, the first enclosing a check for $158.75. for transmission to Mrs. Hogg, widow of the Ettrick Shepherd, and which it will afford us much pleasure to forward with the other subscriptions. We have received about $70 from St. Louis, $40 from New Richmond, about $30 from Terre Haute, and some I think has been talked of from Tennessee. I think we shall be able to pile it up to about $500 by the 25th inst., Burn's Birthday. I shall send you a notice of what we then do. Chicago, I rather think, will head the list; you have done bravely. I notice by the last papers that the widow has got a pension at last, of £50 per annum.

Yours, respectfully,
GEORGE MILNE.

—Chicago Tribune, 12th.

OUR LEGISLATURE.—The Legislature of the Territory convened yesterday in the capitol. The members of the two houses were all present and answered to their names, and without vanity we may be allowed to say that we have not seen a more respectable appearing body of men, or those who bore the stamp of intelligence more distinctly, assembled in any of the Legislature Halls of the Territory.

There are many questions of deep importance to the prosperity of this Territory that must necessarily come before this Legislature and it will be our object, during the session to keep the readers of the "Pioneer," both at home and abroad, acquainted with the Legislative proceedings on all subjects which may be agitated.—Minnesota Pioneer.

Literature and Religion of the Chinese Insurgents.

From the N. Y. Commercial Advertiser.

We have before us several numbers of the North China Herald, published at Shanghae, and the Overland China Mail, published at Hong Kong. The former supply us with translations of books, pamphlets, and proclamations, in prose and verse, issued by the insurgents, which are curiosities as the emanations of Chinese minds.—The first of these is the "Book of Religious Precepts of the T'Hae-Ping Dynasty." It opens with some tolerably clear views of the cardinal doctrines of Divine Revelation, and the following which is supported by extracts from the Chinese records, would seem to indicate that at a period far back in the world's history the Chinese worshipped God.

Those whose minds have been deluded by the devil object and say; that the great God is only to be worshipped by sovereign princes But we wish you to know, that the great God is the universal Father of all men throughout the world. Sovereigns are those of his children whom he clothes with power, but the good are those of his children who most resemble him; while the common mass are still his children, though steeped in ignorance; and the violent and oppressive are his disobedient children. If you still think that sovereigns alone are allowed to worship the great God, we beg to ask you, whether the parents of one family regard only their eldest son, and whether they require filial respect and obedience from him alone?

Do you not remember the period of the three dynasties (from B. C. 2204 to B. C. 220) how Ching-t'hing, afterwards the head of the Shang dynasty, was at first but a prince of the empire, and yet reverenced the great God; also how Wan-wang, from whom sprang the founder of the Chow dynasty, was himself but a Western lord, and yet he intelligently served the great God; neither of these worthies filled the station of sovereign, when they paid their adorations to the great God. If it were true that the great God could only be worshipped by the head of the state, Ching-Chang and Wan-wang most have erred in adoring him; and if they erred in adoring him, why did the great God regard Ching-Chang with favor, and exalt him from the station of a prince to be sole ruler of the empire, and give laws to the nine provinces? And why did the great God regard Wan-wang with favor, and cause him who was only a Western lord to obtain two-thirds of the empire, until his son Woo-wang ascended the throne of China?

The forms of prayer given are those to be observed "in seeking the forgiveness of sins," "for a penitent sinner," "a prayer to God for morning or evening," "for the time of sickness or affliction," on "occasions of birth-days, bringing home a wife, or marrying out a daughter, with all such fortunate occurrences," the instructions being that then "presentation of animals, wine, tea and rice should be offered up to the great God," accompanied by the following prayer:—

I, thine unworthy son or daughter, kneeling down upon the ground, present my supplications to thee, the great God our heavenly Father, I, thine unworthy son or daughter, celebrating this birth-day, presenting this thanksgiving, or contracting this marriage, reverently prepare animals wine, tea, and rice, offering them up to thee, the great God our heavenly Father, earnestly beseeching thee to bless me thine unworthy son or daughter, with prosperity in our family, and everything according to our desire, through the merits of our Saviour and older brother, the Lord Jesus, who redeemed us from sin. I also pray thee, the great God, our Father in heaven, that thy will may be done on earth as it is done in heaven.—That thou wouldst look down and grant this my request, is my heart's sincere desire.

PRAYER FOR A PENITENT SINNER.

I, thine unworthy son or daughter, kneeling down upon the ground, with a true heart, repent of my sins, and pray thee, the great God, our heavenly Father, of thine infinite goodness and mercy, to forgive my former ignorance and frequent transgressions of the divine commands. I earnestly beseech thee, of thy great favor, to pardon all my former sins, and enable me to repent and lead a new life, so that my soul may ascend to heaven; may I from henceforth, sincerely repent and forsake my evil ways, not worship corrupt spirits, [gods.] nor practising preverse things, but obey the divine commands. I also earnestly pray thee, the great God, our heavenly Father, constantly to bestow on me the Holy Spirit, and change my wicked heart; never more allow me to be deceived by malignant demons, but perpetually regard me with favor, forever deliver me from the evil one; and every day bestowing on me food and clothing, exempt me from calamity and woe, granting me tranquility in the present world, and enjoyment of endless happiness in heaven, through the merits of our Saviour and heavenly Brother, the Lord Jesus, who redeemed us from sin. I also pray the great God, our Father, who is in heaven, that his will may be done on earth as it is in heaven. That thou wouldst look down and grant this request is my heart's sincere desire.

The book also contains a "Prayer to God for Morning and evening;" a "Thanksgiving to be offered at Meals;" a "Prayer for Times of Sickness and Affliction," and directions for conducting religious exercises on various occasions. The following is given as the

FORM TO BE USED IN PRAISING GOD.

We praise God, our Holy and Heavenly Father.

We praise Jesus, the Holy Lord and Saviour of the world.

We praise the Holy Spirit, the Sacred Intelligence.

We praise the three Persons who united, constitute one true Spirit. [God.]

But perhaps the portion of the work in which our readers will be most interested, is that containing the "Ten Celestial Commands;" the resemblance of which to the commandments as given to Moses, is very evident. These we subjoin, omitting, however, the hymns which, in the original, follow the "commands," and which are but a repetition in verse of the sentiment of the text:—

THE TEN CELESTIAL COMMANDS, WHICH ARE TO BE CONSTANTLY OBSERVED.

The first command—Thou shalt honor and worship the Great God.

The Great God is the universal Father of all men in every nation under heaven. Every man is produced and nourished by him; every man is also protected by him; every man ought therefore morning and evening, to honor and worship him, with acknowledgments of his goodness. It is a common saying that Heaven produces, nourishes and protects men. Also, that being provided with food, we must not deceive Heaven. Therefore, whoever does not worship the Great God, breaks the commands of Heaven.

The second command.—Thou shalt not worship corrupt spirits (gods).

The Great God says, Thou shalt not have other spirits (gods) beside me. Therefore, all besides the Great God are corrupt spirits (gods,) deceiving and destroying mankind. They must on no account be worshipped: whoever worships the whole class of corrupt spirits (gods), offends against the commands of Heaven.

The third command.—Thou shalt not take the name of the Great God in vain.

The name of the Great God is Jehovah, which men must not take in vain. Whoever takes God's name in vain, and rails against Heaven, offends against this command,

The Fourth command.—On the seventh day, the day of worship, you should praise the Great God for his goodness.

In the beginning the Great God made heaven and earth, land and sea, men and things, in six days, and having finished his works on the seventh day, he called it the day of rest (or Sabbath) therefore, all the men of the world who enjoy the blessing of the Great God should, on every seventh day, specially reverence and worship the Great God, and praise him for his goodnes.

The fifth command. Thou shalt honor thy father and thy mother, that thy days may be prolonged.

The sixth command.—Thou shalt not kill or injure men.

He who kills another kills himself, and he who injures another injures himself. Whoever does either of these breaks the above command.

The seventh command.—Thou shalt not commit adultery or any thing unclean.

All the men in the world are brethren, and all the women in the world are sisters. Among the sons and daughters of the Celestial Hall the males are on one side and the females on the other, and are not allowed to intermix. Should either men or women practice lewdness, they are considered outcasts, as having offended against one of the chief commands of Heaven. The casting of amorous glances, the harboring of lustful imaginations, *the smoking of foreign tobacco*, or opium or the singing of libidinous songs, must all be considered as breaches of this command.

The eighth command.—Thou shalt not rob or steal.

Riches and poverty are determined by the great God, but whosoever robs or plunders the property of others transgresses this command.

The ninth command.—Thou shalt not utter falsehood.

All those who tell lies, and indulge in devilish deceits, with every kind of course and abandoned talk, offend against this command.

The tenth command.—Thou shalt not conceive a covetous desire.

When a man looks upon the beauty of another's wife and daughters with covetous desires, or when he regards the elegance of another man's possessions with covetous desires, or when he engages in gambling, he offends against this command.

Next in order we have a "Trimetrical Classic." In the original it is a poem, each line of which contains three words and each verse four lines. This arrangement could not be strictly preserved in the translation. It commences by recounting the creation of the world by the Almighty, the calling or commanding of Israel to honor God, their removal into Egypt, the plagues visited upon Pharaoh, their departure from bondage, the parting of the waters of the Red Sea, &c., and in fact all the prominent events of Bible history, connected with the people of Israel and the coming of the Savior into the world. No other Scripture histories are in the least referred to. Then the history of the Chinese dynasties is recorded, and as in the introduction to the book of prayers, it is shown that the great God was reverenced and worshipped by Emperor and people.

Mrs. Howitt's Reply to Miss Bremer.

To the Editor of the Times.

SIR: I read with extreme astonishment and pain a communication in the Times of Friday, headed "A Card," from my friend Fredrika Bremer, relative to my translation of her Homes of the New World. I was more particularly surprised, as I received from her very lately a letter expressive of her great satisfaction with my version of her work. She then said, "I write from my heart "to thank you for your part in my work. Indeed, "I have looked to some parts of it with a considerable degree of anxiety, fearing mistakes and "misconceptions; but so far as I have been able to "see nothing of true importance in that way—"nothing that cannot easily be corrected; and "many parts I have truly enjoyed to read in your "language and living style, most especially in vol. "3, which is not only good, but excellent, and often so genial, so full of spontaneous life, that one "can hardly suspect it is a translation. Should "there be a second English translation, some mis"takes must be corrected, as for instance, mater, "the eatables, is translated 'the meat,' and the fa"mily Tolme is invariably represented by F. In "Sweden the first volume is only just out; the sec"ond will be out in December, and the third not "till January or February. From my heart, I "thank you for the heart and soul, the conscience "that you have worked with." In conclusion, she says: "Thank you again and again for your truly "good and excellent work, and quite wonderful, "when I think of the circumstances under which "it has been achieved. A good angel has been "with you."

The circumstances under which this translation was made, and to which Miss Bremer alludes, are the work being entirely in manuscript, and the rapidity that was required from me in translating about 1,800 closely written pages, so as to have the work ready by a given time for the English and American markets.

Turning now to Miss Bremer's communication in your columns, she first mentions an error at page 16, and as it refers to a lady for whose character I have great esteem I would not willingly have misrepresented her in any way. But it must be remembered that the translation was made from manuscript, where the two words finkanslig and fyrkantig might easily be mistaken, and not knowing the lady in question personally, the appropriateness or inappropriateness of the epithet was not apparent to me. As to "the misconception relative to the family H., on the "Hudson," and the "two other passages of personal criticism" of which Miss Bremer speaks, I can say nothing, not knowing to what she refers. As regards the more important charge of the retention of painful personalities in the translation, I must now more than ever regret Miss Bremer's hasty revision of her letters for the press. In a work of this character, the spirit and scope of which are so large and truly noble, it is to be lamented that any petty personality whatever should have been admitted. Although employed merely as translator, not as editor, of the work, I requested permission to expunge various phrases and references to character, which, though allowable in the confidence of private correspondence, were out of place before the public. The objectionable mention of the good old couple, the Poinsetts of Casa Bianca, was one of this class, and, though I received Miss Bremer's full permission for its expulsion, by some unaccountable oversight it appears to have been retained,—probably because I received this permission when the manuscript was gone out of my hands, and in the hurried correction of the press it was over-looked—a circumstance which I extremely regret.

Miss Bremer says that the Swedish edition of this work will not be found to contain any of these personalities; but it must not be supposed that this revised and corrected Swedish edition which is not yet wholly published, is the one from which my translation was made. That, when published, will, no doubt, be free from any remarks of this nature, and any second English or American edition would unquestionably be improved by rigid supervision by the author.

Regretting that Miss Bremer should have thought it necessary to place herself and me in anything like an antagonistic position before the public, or that a painful discord should be introduced into an intercourse, which has hitherto been so harmonious and of so many years' standing, I am, Sir, yours, faithfully,

MARY HOWITT.

City Matters.

POLICE COURT—Jan. 23.

THE KINEKINIK WAR.—The case of the State vs. Caroline Malengrow, Abraham Malengrow, Frederick Esaw, Charles Grindle, and Jacob Hadeler, for committing a riot, being armed with dangerous weapons, on the 7th January, near the Kinekinik River, in the town of Lake, was adjourned till Febuary 20th, at 10 A. M. A witness, Dr. Wunsch, was sworn, who stated, that the female defendant was, from illness, unable to attend. The case was then adjourned until the 20th of Feb'y. This will give the State a chance to have the matter brought before the Grand Jury, who meet on the 13th Feb'y, and thus save the County the expense of an examination.

ACTION OF TRESPASS.—The suit of Joseph Grant vs Simeon Babcock and Alexander Corbett; tried before Albert Smith, Esq., (jury trial,) was decided on Saturday afternoon. The jury brought in a verdict of six cents damages. The defendants were charged with having destroyed a cart wheel, the property of plaintiff.

MELANCHOLY EFFECTS OF THE SPIRIT DELUSION.—We have a painful duty in recording the necessary arrest and confinement of two of our most worthy citizens—father and son—yesterday afternoon. The father has been for sometime a believer in that most dangerous, humbugging delusion, and an attendant at circles, where the spirits, mediums, &c. were supposed to be present. The son soon became a believer also, and both became deranged and dangerous to their families. Yesterday, violence was manifested, when the Dist. Atty. together with the Sheriff and some help, removed the unfortunate persons, and they are now confined to pevent their inflicting injury upon themselves and their families, while the wife, the mother and the daughter are broken hearted at the condition of the husband and son. Have not those conductors of the press, and one, of unusual, almost unparalelled circulation much to answer for, in the encouragement their columns have given to a doctrine so dangerous, and which has already brought many inmates to a Lunatic Asylum! The gentleman from whom we obtained the information, describes the removal of the two men, as the most heart-rending scenes he had ever witnessed; the mother, while she wept bitterly at the removal of her husband and the father of her son, felt that those engaged in the melancholy task, were doing a kindness; while the daughter's cries, were echoed through the house at the removal of her father and her brother to be confined—not for crime, 'tis true, but what is next to it, for loss of reason.

MENOMONEE LOCOMOTIVE MAN. CO.—A dividend at the rate of 20 per cent, has been declared by this Co. for the fiscal year ending Dec. 31st, 1853 Since these works were started by WILLIAM B. WALTON & Co, there has been manufactured five Locomotives. There are now two finished in the shop, for the Mil. & Fond du Lac R. R. Co. and one for the Mil. & Watertown R. R. well advanced, also one other commenced. The annual report of this company will be issued in a few days, when we shall devote more time to its notice.

FIRE.—A fire broke out in the Oil Mill of H. Curtis last evening, about 6 o'clock. Machinery mostly saved; building damaged to the amount of about $500. We have not learned whether the building was insured. The building was partly saved, by the well directed exertions of the Fire Department.

☞ Harper has the following—

A young lady is said to have asked a gentleman, at the table of a hotel "down east," to pass her the "hen fruit." She pointed to a plate of eggs. An eastern editor suggests "Shanghai berries" as a more fastidious term.

FROZEN TO DEATH.—Daniel McLoud, who kept a Saloon opposite Wheeler's Warehouse, on Walker's Point, was found in bed this morning, frozen stiff. He had gone to bed intoxicated, and in a night such as the last, was unconsciously frozen to death. He was a bachelor, and lived alone.—Wisconsin.

SUICIDE.—The wife of Richard Reynolds, who keeps a tavern on the Janesville Plank Road about four miles from this city, committed suicide on Saturday night, by cutting her throat. No cause assigned for the act.—Ibid.

☞ We are requested to notice, that on account of the continued indisposition of Mr. Griffith, his school will not be re-opened until next Monday.

Holloway's Pills for the Cure of Nervous Debility and Determination of Blood to the Head.—Extract of a letter from Mr. John Lloyd, of Erw-wen, Harlech, Merionethshire.—"To Professor Holloway,—Sir,—I think it my duty to inform you that for a long period I was afflicted with giddiness and swimming in the head and eyes, attended by loss of appetite and generally impaired health. Every means had failed to give me relief, and at length it became so alarming that I was afraid of going out without an attendant. Mr. Hughes, chemist, of Harlech, advised me to try your Pills, which I immediately did, and am happy to say they effected a perfect cure, and restored me to health and strength."

☞ "UNCLE NED HAD NO HAIR ON THE TOP OF HIS HEAD, IN THE PLACE WHERE THE HAIR OUGHT TO GROW." But he lived previous to the discovery of Lyon's celebrated Kathairon, which not only preserves and beautifies, but restores the hair at any period of life. Only those who will not try it, are troubled with Baldness, Dandruff, or harsh, unpleasant hair.
From the Home Journal, N. Y.
"No article ever acquired so rapid celebrity and universal appreciation as LYON'S KATHAIRON. To those who have used it (and who has not) the reason is obvious, as its invigorating and beautifying effects, and agreeable Perfume, stamp it an indispensable article of the toilet."
Sold at the old price of 25 cents, in large bottles, by all dealers, everywhere. D. S. BARNES, Proprietor, 161 Broadway, N. Y.

WE SEE BY THE COURT RECORDS, THAT THE two counterfeiters, White, of Buffalo, and Lawrence, of Epping, N. H., have been placed under ten thousand dollar bonds, each, for making and selling, imitations of Ayer's Cherry Pectoral. This is right. If the Law should protect men from imposition, at all, it should certainly protect them from being imposed upon by a worthless counterfeit of such a medicine as Cherry's Pectoral. We can only complain that the punishment is not half enough The villain, who would for paltry gain, deliberately trifle with the health of his fellow man, by taking from their lips, the cup of hope, when they are sinking, and substituting a falsehood—an utter delusion, should be punished at east as severely as he who counterfeits the coin of his country.—Green Co. Banner, Carrolton, Ill.

Truth Must, and Will Prevail.
It is a truth, that the Mustang Liniment has performed more cures of confirmed chronic and inflammatory rheumatism, than any remedy ever before used for those painful affections It is truth, that no remedy ever before tried, has been so successful in healing old sores, or ulcers in curing scald head, cancers, erysipolas, tetter or ringworm, or any unnatural excresence, enlargement, eruption swelling or inflamation of any description as the Mustang Liniment. It is a truth that it is an effectual and certain remedy for the piles, no matter of how long standing; and t is a truth, that every body are using it, and all pronounce it good.
See advertisement in another column.

☞ Holloway's Ointment and Pills have effected an Astonishing Cure of an Abscess that the Faculty pronounced Incurable.—Robert Parlett, mariner, of Wolsoken, near Wisbeach, was afflicted with a dreadful abscess in the arm. He had been two years in a Hospital abroad, and for a considerable time in one at home, without receiving the least benefit, and at last was given up by the faculty, who pronounced him to be incurable; but after using Holloway's Ointment and Pills for a short time the wound was completely healed, and his health permanently restored This can be attested by Mr. Abraham Catlin, and other respectable inhabitants of the parish of Wolsoken.

PROCLAMATION.
Friends, countrymen and lovers!—hea me for my cause, and be silent that you may hear; discard prejudice that you may believe, and read facts that you may act in telligently. Who, that is young, but values the luxuriant locks of youth and beauty? Who, that is middle-aged but shudders at Grey Hairs? Who, that is old, but would avert baldness? If any, speak,—for him have I offended. As none speak, then none have I offended in addressing twenty-four million people.

PROSPECTUS OF
Thos. H. Benton's Great Work.
THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. APPLETON & Co., New York, and sold exclusively by subscription.
During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.
This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.
Price $2,50, payable on delivery of the book.
The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

ARRIVAL OF THE

NIAGARA.

Great Advance in Breadstuffs!

GENERAL EUROPEAN WAR!

New York, Jan. 23.

The *Niagara* is in. Flour advanced 2s. to 3s. Wheat 1s.—Corn 1s. Czar has not accepted the peace Note. Money stringent—Consols declined one per cent. Believe European War imminent. A. & W.

Reported for the Sentinel.

Further by the Niagara.

Halifax 23d.

The steamer Niagara, Liverpool 7th, arrived enroute for Boston at this port this morning, reports unusually heavy weather during her passage which was prolonged to 16 days.

Great Britain, France and Belgium had been visited with a heavy snow storm—the heaviest witnessed in many years, apprehensions were entertained of flood from melting snow and rain.

Atlantic arrived out on 5th at 2 P. M.—the screw steamer *Andes* arrived at Liverpool, 15th.

Intelligence from Constantinople and St. Petersburgh continues to be as ever. The latest accounts are of a character to leave in the estimation of the public mind, scarcely any hopes that the Czar will accept the last proposition of the western powers, and this view of the matter is almost universally entertained at Constantinople, a natural consequence of the greatly increased probability of a general European War.

ENGLAND—Stocks and Breadstuffs—market greatly excited and consols closed Friday at a decline of seven-eights to one per cent in week. Breadstuffs throughout Great Britain had been more excited than at any previous time since the great famine, and prices had largely advanced.

The advance for flour, for week, is quoted by some respectable houses 3s per bbl, and not quite the actual advance less than 2s. Wheat has also advanced almost beyond precedent, ranging from 10d to 14d per bush of 70 lbs. Market for Indian Corn less excited than flour and Wheat, but prices have advanced since *Europa* from 18d to 2s per quarter of 48 lbs.

Cotton market continued very firm at previous quotations, with transactions to extent of 30,000 bales for week ending Jany. 6th.

Provisions—Market continues quiet and without material change in prices.

MONS. BEDINI—DISPOSAL OF THE FUNDS COLLECTED FOR THE RESCUERS of the S. FRANCISCO.

New York, Jan. 21st.

Considerable excitement attended the departure of the *Baltic* to-day, owing to the rumor that M. Bedini was going out in her. Several thousand assembled at the dock but nothing was seen or heard of the Nuncio. It was reported he was gone to Boston, but a despatch from Baltimore says it is reported that he is in that city and will preach at the Cathedral to-morrow.

A meeting of the committee having in charge the funds collected for the San Francisco rescuers, was held this morning, when the treasurer announced that the total amount received was 17,000 dollars. The following disposition was made of it:

To the Captains of the *Three Bells, Antarctic*, and *Kilby*, $2,500 each, and a gold medal and silver pitcher or tea service to each of the mates; to the 2d mates 200 dollars and gold medals; to the petty officers $100 each and gold medals; to the seamen $50 each and silver medal. The Capt. of the Lucy Thomson a service of plate valued at $1,000 and a gold medal; to the officers and crew of the Lucy Thompson, each a gold medal and sums ranging from $25 to $250; to Lieut. Murray a service of plate; to Capt. Watkins a service of plate valued at $1,000 and a gold medal; to Mr. Marshall, Chief Engineer o the San Francisco $500 and a gold medal; to Assistant Engineer $250 and a gold medal; to the 2d mates $200 and gold medals.

A resolution was adopted that the committee would still continue to act and to receive contributions to meet similar cases, to be appointed by the benevolent association. The com. was instructed to pay the awards to the sailors, and call a public meeting for the presentation of the testimonial to the officers.

The committee of the Common Council tendered to Capt Creighton the thanks of the City, and invited him to meet the citizens in the Governor's room. The invitation was accepted, and Capt. C. appointed Thursday next.

RAIL ROAD CONVENTION AT COLUMBUS.

Cleveland, Jan. 21.

A Railroad convention was held at Columbus on the 18th inst., 18 companies represented; the following resolutions were passed, but one dissenting vote. Gen. Robinson of A. & P. R. R. resolved that this convention regards the recent proceedings of the citizens of Erie, as a gross violation of the privileges of the R. R. Co's, and eminently injurious to the rights and accommodations of the public, and that in the opinion of this convention the interposition of the executive of the U. S., is indespensible to the security and protection of the people.

Resolved, That the President of this convention communicate this resolution to the President of the United States, and the Ohio delegation in Congress.

New Orleans, Jan. 20.

Judah Suro, well known for his benevolence, died in this city on Wednesday night. His fortune is estimated at from 1,000,000 to 1,200,000 dollars, and it is reported that the bulk of it was to have been decreed to benevolent institutions in this city.

Charleston, 21st.

Mr. Gadsden leaves here for Washington City on Monday.

A Washington dispatch denies that M. Bodisco is yet dead, but it is said that he cannot survive long.

N. Orleans, Jan. 17th.

Forbes Allison, merchant and President of St. Andrews' Society, of this city, has absconded, and his defalcations are over $40,000. The Governor's message was delivered, and is reported to be strongly in favor of annexation of Cuba.

Boston, 21st.

The amount subscribed for the *San Francisco* rescuers now reaches 6,000 dollars.

NEW AND IMPROVED

SEWING MACHINES.

THE AMERICAN

Magnetic Swing Machine Co.,
NOW OFFER FOR SALE AT THEIR ROOMS
397 Broadway, N. Y.,

By far the most perfect and valuable Sewing Machines that have yet been invented.

THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.

It is the result of three separate inventors, each of whom is distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar formation of the shuttle combided with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and peculiar features:—

1st. It is extremely simple in its construction, and in no way liable to get out of order.

2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.

3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machies of a different character.

4th. Any and all kinds of work can be done on our machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.

5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.

6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in shirt making, linen bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.

7th. The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc, can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.

The American Magnetic Sewing Machine Co., Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with ease

FIVE HUNDRED STITCHES PER MINUTE!

HOLLOWAY'S OINTMENT.

This extraordinary Unguent is composed of the most healing Balsams, and when used in accordance with the directions which accompany each pot, will insure cures when all other means fail. Cases of the most desperate Skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthmas it will do wonders if well rubbed into the Chest.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS.—

A CASE CERTIFIED BY THE MAYOR OF BOSTON, ENGLAND.

Copy of a letter from J. Noble, Esq., Mayor of Boston, Lincolnshire:

TO PROFESSOR HOLLOWAY,

Dear Sir,—Mrs. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By preservering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir,
Yours Truly. (Signed) J. NOBLE.
Dated August 12th, 1853.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

TO PROFESSOR HOLLOWAY:

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived equal benefit.
I am, Sir, your obliged and faithful Servant,
(Signed) ELIZABETH YEATES.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Chiego-foot	Fistulas	Sore-throat
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped hands	Glandular-Swellings	Scurvy
Bunions	Corns (Soft)	Lumbago	Sore-heads
Bite of Moschetoes and Sand Flies	Cancers	Piles	Tumours

ST. LOUIS TESTIMONY.—OATH BEFORE THE MAYOR.

State of Missouri, County of St. Louis, ss.

BE IT REMEMBERED, that on this fifth day of May, A. D. 1852, before me, the undersigned, Mayor of the city of St. Louis, in the county and state aforesaid, came personally David M. Smythe, who upon his oath says that the following statement is true.

In testimony whereof I hereto set my hand the day and date last aforesaid. JOHN HOW, Mayor.
Soc. NEWMAN, Register.

St. Louis, Mo., May 5, 1853.

DR. A. G. BRAGG & Co.—Gents:—You will probably recollect that I called into your establishment some three weeks since and purchased a fifty cent bottle of your '*Mexican Mustang Liniment.*' My object in doing so was to try its merits upon my daughter's arm, who has been suffering from the effects of a severe dislocation of the elbow for *several years past.*

The excruciating pain consequent upon a false setting of the bone had dwindled and contracted her arm to a puny size, and I considered it a duty devolving upon me to acquaint the community of the beneficial effect your Liniment has produced.

Her arm was drawn to a right angle, and was almost inert and senseless until your invaluable Liniment was applied, since which time I am happy to state she has enjoyed uninterrupted good strength, and can use her arm nearly as pliantly as before it was dislocated.

I would state, however, that prior to trying your unequalled Liniment, I used several other remedies but without the least beneficial result. D. M SMYTHE.

STILL MORE EXTRAORDINARY!
READ! READ!! READ!!!

St. Louis, Mo.

MR. EDITOR:—As a matter of great importance to the afflicted, I wish to make the following statement: About six years ago, my wife was attacked with a slight stroke of dumb palsy. The whole of her right side and limbs were partially paralyzed. A doctor was called, who bled her copiously in the right arm, which relieved her, and she had no more symptoms of parolysis, until last fall, when the right arm gradually became weak and powerless. Both limbs and the whole of her right side soon became perfectly benumbed, and all voluntary motion was entirely suspended. She was bled again, but without any relief. Even her tongue became paralyzed, so that she could not, at times, speak so as to be understood. She had a brother, Thos. Utley, a boy fourteen years old, who had some time previously been cured of a very severe attack of the same disease, by the use of three bottles of the MUSTANG LINIMENT, and we determined to try it in her case, as she had been under the treatment of doctors for several months without any apparent benefit. I obtained one bottle, and commenced bathing the whole affected side and limbs.—The effect was truly astonishing. In less than a month every symptom of the disease had disappeared. She can use her limbs as freely as ever, and no impediment whatever exists in her articulation. In fact she is perfectly cured; and we bless the day we were induced to use this invaluable Liniment. EDWARD UPMEYER.

PRICES OF THE LINIMENT.—It is put up in bottles of three sizes, and retails at 25 cents, 50 cents and $1 per bottle. The 50 cent and $1 bottles contain fifty and one hundred per cent. more liniment, in proportion to their cost so that money is saved by buying the larger sizes.

A. G. BRAGG & CO., sole Proprietors. Principal office corner 3d and Market-st., St. Louis, Mo., and 204 Broadway, N. Y.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Fosa, Jr., and A. F. Clark

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS, }
CARLYLE, June 27th, 1853. }

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so.
SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 15, 1853.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair.
WILSON KING.

St. Louis, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

St. Louis, September 30, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had when I knew him twenty years ago.

I commenced using the Restorative about five weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,
N. B. HOLMAN.

BLISSFIELD, June 10, 1853.

Prof Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and tustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 2

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.

The Hon. C. D. HINELINE, Mayor of the City of Camden N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which the came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally.— This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious,

PATENT MEDICINES.

DR. URBAN'S

ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of

INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant* it, in all cases, if taken according to directions. It destroys the desire for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixer is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixer; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poison ousting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.

URBAN & DIDLAKE, 35 Third Street,
Louisville, Ky.

Dr. Urban's Vegetable Fever and

AGUE POWDERS:

The only sure remedy ever known for Chills and Fever, warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

To which is added, receipts for the cure of the above disease, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage. "This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

PATENT MEDICINES.

CHERRY PECTORAL.

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS BRONCHITIS, WHOOPING-COUGH, CROOP, ASTHAMA, AND CONSUMPTION.

This remedy is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind, is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest enquiry of medical men, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigation and care. But as yet no adequate remedy had been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL.— This article is the product of a long, laborious, and I believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision. If there is any dependance to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent Physicians, who make it their business to know,—in short, if there is any reliance upon anything, then is it irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too freely published, nor too widely known. The afflicted should know it. A remedy that cures, is priceless to them. Parents should know it, their children are priceless to them. All should know it, for health can be priced to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circle of the globe. The sun never sets on its limits. No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries. It is extensively employed in both Americas—in Europe, Asia, Africa, Australia and the far off islands of the sea. Life is as dear to its possessors there as here, and they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costly material. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No soil or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine CHERRY PECTORAL, can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already.

HENRY'S INVIGORATING CORDIAL.

PURELY VEGETABLE IN ITS COMPOSITION.

THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Flour Albus or Whites or for

DEBILITY

arising from any cause, such as weakness from sickness where the patient has been confined to bed for some time, for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration, Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a TONIC Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

"Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

MARRIAGE,

lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.

THE GENUINE "HENRY'S INVIGORATING CORDIAL,"

is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.

DOCTOR D'S

Old Lock Hospital.

NO CURE NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have any need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genious, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of the diseases, comprising in their various shades, gonorrhea, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no doctor in this country can claim, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.— Any person wishing a private room until cured can have it by applying to Dr. D. aug5-dlyr

EIGHTEEN YEARS of extensive and uninterrupted practice spent in this city, have rendered Dr. K. the most expert and successful practitioner, far and near, in the treatment of all diseases of a private nature. Persons afflicted with ulcers upon the body, throat or legs, pains in the head or bones, mercurial rheumatism, strictures, gravel, disease arising from youthful excesses or impurities of the blood, whereby the constitution has become enfeebled, are all treated with success.

Weakness and constitutional debility, loss of muscular energy, physical lassitude and general prostration, irritable and all nervous affections, indigestion, sluggishness of the liver, and every disease in any way connected with the disorder of the procreative functions cured, and full vigor restored.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July. 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

J. McB. DAVIDSON'S FIRE KING SAFE—Fire Proof, and free from Dampness.

RAYMOND, WARD & CO., Agents, Chicago.

This Safe received the highest premium—a silver medal at the Fair of the New York State Agricultural Society, which was held at Albany, September 1850. Also a medal and diploma for the best burglar and fire proof safe at the same Fair held at Utica, for 1852.

Raymond, Ward Co. will receive orders for Davidsons Fire and Thief Proof Bank and Vault Doors. de19

This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 18th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes letters and receipts, perfect and entirely legible.
